Work Completed/Not Completed

Completed:

- "As a Groupify user, I want to see who is in my currently joined group session"
- "As a premium Spotify user, I want groupify's group session to be restricted for premium users only"
- "As a Groupify user, I want my friends to only join my group session if I am on the page as well"
- "As a Groupify user, I want to be able to sync with the host, pause a song, or skip to the next song."
- "As a Groupify user, I want to see all my playlists, not just the initial few shown on my profile page"

Not Completed:

- "As a Groupify user, I want to be able to queue songs and see what songs are currently in a queue for the group session, despite if I am host or not"
 - With limited time left, the group listen queue was taken out to prioritize the other main features, documentation, and final testing.
